My dear Mr. Richards:

As the Welsh Church united with the Presbyterian at the last meeting of the General Assembly our Board is very eager to get in touch with the women of the church but as yet has not found the means of communication. I am wondering, therefore, whether you could give us the name of the clerk of the Welsh General Assembly in order that we may get in touch with him and get the best approach.

Very sincerely yours,

Mr. Edward Roberts,

My dear Mr. Roberts:

It was a peculiar joy to me when in May the General Assembly of the Presbyterian Church, U.S.A. welcomed the Welsh Churches into close relationship. It becomes my very pleasant responsibility to send a greeting to the Woman's Missionary Societies and to Young People's Societies of the Welsh Churches and I am trusting to your good offices to make it possible for me to reach them with a letter similar to the enclosed. If you do not have a list of the officers of the societies, is it possible for me to have a list of all the Welsh pastors to whom I can send these letters with the request that they place them in the hands of the proper poeple?

My greeting is the more cordial in that I myself am Welsh; both of my parents having been born in North Wales and they were for many years connected with the old Thirteenth Street Church in New York City. My father was at one time the Sunday School teacher of the late Stated Clerk, Dr. William H. Roberts, who was the son of the pastor of Thirteenth Street Church.

Unfortunately for me, while I understand some Welsh I do not read it so that I cannot have the pleasure of reading your literature. Y DRYCH was a familiar friend of my childhood but I have not seen it for many years and the little knowledge I had of the language has mostly escaped me.

With every cordial good wish, believe me that I am

Very sincerely yours,

President.

My dear Mrs. Williams:

I am told that you are the president of the women's Missionary organizations of the Welsh Church. I am wondering if you will not, therefore, be at the meeting of the Women's Synodical Society of Wisconsin at Madison, October 12th to 14th. I sincerely hope you may be there and if so, I want you to be sure to meet Miss Mabel M. Sheibley, the secretary of the Woman's Board of Home Missions who will represent our Board at that meeting. It had been my expectation to be at Madison but my physician has forbidden my going.

Trusting that Miss Sheibley and you may together work through a plan of cooperation believe me that I am

Dear Friends:-

I am addressing this letter to you, the officers and members of the Woman's Missionary Society of the Welsh Presbyterian Church, for in the name of the Woman's Board of Home Missions I want to welcome you as co-workers.

I realize that in the new relationships that have been established between the Welsh and English churches an agreement has been made whereby the former are to "continue their charge of their own Home fields, and use all Mission Funds now in their possession to promote the work in these fields," and I want to make it very clear that I am not coming to you to ask anything not in accord with that agreement. But a true welcome offers fellowship and understanding and we believe that you will find pleasure and help in knowing of the Home Mission Schools, hospitals and community centers that are being cared for by the women of the English Presbyterian Church, and that reach from Alaska on the north-west to Porto Rico on the south-east. We hope that you will find in our literature department leaflets and books that will be of interest in the meetings of your society and in those of your young people, and that you will attend and enjoy the Presbyterial and Synodical meetings in whose territory your church is. At our headquarters, 156 Fifth Avenue, New York City, our officers will be glad to serve you as they may be able to do, and any letters sent to our General Secretary, Miss Lucy H. Dawson, at above address, will be promptly answered.

I am sure you will not think this a perfunctory welcome on my part when I tell you that I myself am Welsh, and as a girl of ten worshiped in the old 13th Street Church of New York. I can speak but little Welsh now but my heart is warm toward the church and the language of my parents.

With every greeting and good wishes, I am

Mrs. F. S. Bennett,
New York City.

My dear Mrs. Bennett:-

As President of our local Missionary Society I wish to thank you most sincerely for your cordial letter of greeting received this week.

This word of welcome will be appreciated too by the women of our Society as well as by our Church. Our next meeting will be held on the thirty-first of March at which time this message will be conveyed from you to the Society.

Mr. Williams and I were interested in the fact that, when a girl, you attended the Thirteenth Street Church. This paragraph in your letter will touch the heart of our Welsh people and I am sure they will be more interested in you because of this fact. Our church is bilingual and we have many among young and old who understand no Welsh. However, after we accustom ourselves to the ways of the English Presbyterian Boards we shall be able to do better and more efficient work for Missions. Our goal as a church for Missions this year is not less than $1,000.

At our February meeting we were fortunate in having Mrs. Hughson of Bluffton, Ohio, (President of Lima Presbyterial) address us. Mrs. Hughson is a most enthusiastic Christian worker and we felt greatly blessed and inspired after having heard her speak so earnestly for Missions. In April we are to have a debate in our Society on "The Negro, An American Asset." We look forward to an interesting meeting.

Again thanking you for your personal interest in us as a Church, and with sincere wishes, I am

Very cordially yours,

My dear Mrs. Morgan:

At our last meeting, I brought the matter of uniting our Woman's missionary society with the Portsmouth Presbyterial--having laid it upon the table during the Winter months, when our attendance was small. Personally I very much wanted this to join, because I felt we need the inspiration which would result therefrom, and too I hoped we might be able to send a delegation to the April meeting, which you appear as being held in Portsmouth. But because I was not quite able to enlighten them upon some matters financial, the Union preferred not to unite with the larger organization, until I had gained further information. Now what they want to know is this, will the Presbyterial determine where and how our annual contributions shall be used. As you no doubtless know the Welsh people have always regarded a certain section of Ohio as their particular field and the contributions of our local society have been sent there, usually for a specified purpose. Last year our money was sent to our missionary there to be used especially for the educating of two girls supported by the Y.W. and in order to complete the work begun we pledged ourselves to send them annually for their support while being educated. Would this be practicable after uniting with the Presbyterial. Again, what are the dates of the next Presbyterial meeting. I am hoping to attend the public meetings whether we join or not.

Thanking you in advance for your forbearance with the many interrogation points, I am

Very sincerely yours

My dear Mrs. Morgan:

Mrs. Bennett was very much interested in your letter and the one you inclosed from Mrs. Jenkins, but she asked that I answer yours.

I am inclosing you a copy of the letter which Mrs. Bennett sent to the missionary societies of the Welsh Church, which answers your questions in regard to finances.

As you will see from Mrs. Bennett's letter the Welsh Church joined with ours on the agreement that they continue their charge of their own home fields and use all mission funds in their possession to promote the work in these fields, but we do want to welcome the women of the missionary societies into our presbyterial societies and I hope that you can make the beginning in the Portsmouth presbyterial. We need the inspiration of their presence and they need the inspiration of our meetings.

I hope that you have a very splendid presbyterial meeting. Please give my greetings to the women.

My dear Mrs. Bennett,

Because I had some correspondence with you last June in regard to inviting the Welsh Missionary Societies to affiliate with Portsmouth Presbyteria-, I am sending you the enclosed letter.

We invited the two, Jackson and East Hill, missionary societies last summer, but neither have taken the step through to feel sure many of the members would like to do so. I feel sure it is the wrong side of it that is keeping affiliation. The girls in the Jackson society are almost all earning their own living, I understand.

The Welsh church in Jackson is not yet willing to join with the Presbyterian, the girls must help support it as well as their own missionary enterprises.

I answered Mrs. Jenkins as best I could but would like your advice. I told her that the First church, Portsmouth,

supports Rev. David Tappan, Hainan Mission, China, and the Presbyterian Treasurer takes that into consideration in making out their apportionments.

Has there been any plan for uniting the Welsh Missions with the Presbyterian?

Please tell me what to do. I would like to keep Mrs. Jenkins letter so will be glad to have it returned.

Sincerely yours

Elizabeth K. Morgan.

My Dear Mrs. Bennet Your of the 10th received & I have given your letter to our Ladies Aid Society, as we haven't a Missionary Society at the present time.

I was interested in what you said about 13th St Church, as that was also my church home, & it was there that I offered my first public prayer & preached my first sermon

My Father, late O.B. Williams who passed away in June 1918. was a member of that Church for 47 years a Treasurer & Board of Trustees for 25 years. Mr. Thos. Thomas, the Senior Elder is my Uncle, Mothers brother.

With kindest regards

Mrs. F. S. Bennett -

My dear Mrs. Bennett, Woodside Chester Pa.

Please pardon my delay in not answering your kind letter & greeting sooner but I did not receive it until after the March meeting and wanted to read it at the April meeting which I did before answering. The ladies were glad of course to know that you were Welsh and all would love to see you and hear you speak.

A year ago at Calvary church, one of our ladies and myself tried hard to meet you and were directed from one place to another, even across the street and then failed to find you. Our topics

are all taken from yours. Last Tuesday evening, we had "Christian Progress in Alaska". The one before was "Persia" and the next one to be "Cuba and Porto Rico"

We are only three years old as a society but I think we are doing very well under the circumstances.

I do not think we will have charge of our Home fields very long. The church attends to that branch of the work and we give our money where we think it will help most. I am anxious this year to turn some over to Presb. Home Missions and I am sure there will be no objection.

Thank you so much for your letter and believe me very truly yours,

Mrs. R. E. Williams. H. J. Williams.

My dear Mrs. Bennett:

Your letter dated March 8th to hand safely, and I wish to thank you most sincerely for the warm greetings which you so thoughtfully extended to our Woman's Missionary Society. I expect to present it to

them at their next meeting. We have certainly been made to feel quite at home since our union with the Presbyterians; and to correspond with a Welsh person in one of their most important offices makes us feel like Joseph's brethren in Egypt, or Mordecai in the Kaiserin's court who Esther was queen.

I would greatly appreciate anything you may have which would enable me to give our people an outline of your work.

My heart and soul is in the City Mission work, having spent five years doing that work among our Welsh people in Chicago, and my application is now in the hands of Dr. Thwing for a similar position.

I visited your city last December on my way from the National Red Cross Conference. Rev. D. Morgan Richards of the 15th St. Church is our former

To the Woman's Missionary Societies of the
Welsh Presbyterian Churches

Dear Friends:

It is my great pleasure, following the action of the last General Assembly welcoming to its fellowship the Welsh Presbyterian Church, to welcome you to fellowship with the Woman's Board of Home Missions of the Presbyterian Church, U.S.A. I hope I may be allowed to tell you with what personal pleasure I send this greeting because I myself, while American born, am of Welsh parentage, both of my parents having grown up in Wales. I do not, therefore, feel that I come to you quite a stranger for while I have not of late years been much among the Welsh, in my girlhood I knew many and heard much of Welsh settlements in this country.

I am enclosing to you two leaflets which will present to you the activities of the Woman's Board of Home Missions. The women of the churches are organized Synodically and Presbyterially and we hope that your society may come into close affiliation with the Presbyterial society within whose bounds you are. We shall gladly welcome your help if you may later desire to give through the channels of this organization but it is not of gifts that we are thinking; it is that we may all come to realize bonds of fellowship in Christian service.

If I can serve you, I shall be most glad to do so and if you are not in touch with the Presbyterial Society of your vicinity, I trust you will let me know in order that I may bring this about.

Believe me that I am

Faithfully yours,

President.
